

SCORES ARE DEAD

Frightful Havoc Wrought by Tornado in Texas

BIG PROPERTY LOSS

Fine Buildings Are Razed To the Ground.

Others Lifted From Their Foundations By Terrible Force of the Wind—Hundreds of Head of Live Stock Killed By the Storm That Devastated Whole Counties.

Dallas, Tex., July 6.—Reports of loss of life and damage to property caused by the cyclone which swept through Montague county Wednesday are yet meagre, owing to the wires being down. It is known, however, that 50 persons were killed and probably when all the returns are in the death list will be fully 100.

Fort Worth, Tex., July 6.—A tornado which struck Texas in the upper edge of Montague county, coming from the northeast and swinging far to the southeast, caused the loss, it is believed, of over 40 lives, injured a large number of people and did untold damage to growing crops and cattle. Fortunately the tornado missed the small towns in the section through which it swept, but it seemed to take a fiendish delight in zigzagging in such a way as to take in the homes of many farmers and stockraisers in the section.

At Jacksboro the force of the wind was terrific. The Baptist church and 20 other buildings were blown off their foundations, and a number of buildings totally destroyed. Mrs. Travis Calhoun was seriously injured and is not expected to live. Travis Calhoun, Mrs. Thomas Horton and Henry Vesser and family were also injured.

At Montague no lives were lost in the town, but in the country there was great loss reported. Ten persons are known to be dead in the neighborhood, and unconfirmed reports are to the effect that the list of dead will go as high as 40.

At Neocomo the following persons are known to have been killed: Mrs. C. C. Shackelford; Linnie Shackelford, daughter of R. G. Shackelford; Mrs. S. L. Tumbleton and three children; Mrs. Mary Lester and four children; Caleb Hite; Mrs. Ira Williams; grandson of Sam Eakin killed by lightning.

Nine people are dead at Montague as a result of the tornado. They are: A. P. Earl; Miss Sadie Earl, daughter of A. P. Earl; Burke Earl, his son; baby of Lawrence Pillow; Tomlinson family, consisting of husband, wife and four children. Fatally injured: Claiborne White, 45. Houses totally demolished: J. F. Clark's drug store; D. Y. Lunn's grocery store and offices; old bank building, occupied by G. L. Alcorn, real estate agent; store of the Rowe Hardware company; 15 dwellings.

The tornado lasted perhaps 30 minutes. Hundreds of head of stock in the vicinity were killed outright by the wind. The number of injured is unknown.

JAP BONDS SOLD

New York, July 6.—Semi-official details concerning the latest Japanese loan of \$150,000,000 have been made public. The bonds will bear interest at 4 1/2 per cent and will be secured by a second lien upon the tobacco monopoly. The syndicate underwriting the loan consists of Par's bank, limited, of London; the Hongkong and Shanghai Banking corporation and the Yokohama Specie bank, limited, with whom are associated Kuhn, Loeb & Company of this city, and the Deutsche Asiatische bank of Berlin. The National City bank and the National Bank of Commerce, both of New York city, will assist Kuhn, Loeb & Company in the flotation in this country. The loan will be divided into three equal parts, London, Berlin and New York each taking \$50,000,000.

BIG POLICEMAN MAY ADOPT BABY GIRL

Anderson, Ind., July 6.—When John Collins, Sr., aged 65, a Big Four railway flagman, went to his home last night he found in a small market basket on his door-step a pretty blue-eyed girl about two months old. It was carefully wrapped in a cheap, but

clean bathrobe of an adult, and was peacefully sleeping. The police were called, but got no trace of the mother. Patrolman Neill felt in love with the little miss, took her to his home and may adopt the child.

INJUNCTION DISSOLVED.
Harrisburg, Pa., July 6.—The Dauphin county court has dissolved the preliminary injunction against the Baltimore baseball players, Hayden and White, who went to the York, Pa., game of the Tri-State league.

HEART PIERCED BY BULLET, BUT NOWOK STILL LIVES

New York, July 6.—With a bullet-hole through his heart and through the tissues of his left lung, Harry Nowok, a youth, is alive and apparently out of danger of death, in St. Vincent's hospital, Livingston, Street. The course of the bullet was traced yesterday by X-rays. Doctors Brady and Bossford of the hospital staff made the diagnosis. Nowok was hit in the breast by a bullet from a revolver which was displayed by a friend.

EXCITEMENT KILLED HIM.
Montgomery, Ala., July 6.—Dennis Swinington, while waiting in an anteroom of the Odd Fellows' Temple for initiation last night, grew so excited that he dropped dead from heart failure.

TALK GENERAL STRIKE

Minneapolis, July 6.—Telegraph operators on lines of the Great Northern and Northern Pacific railroads have issued an ultimatum, and if their demands for increase in salaries are not acceded to before July 8, a general strike will be called. H. B. Perham, president of the order, has been making a tour of the systems. He has been conducting negotiations with the railway officials, which have so far been fruitless.

TWO MEN KILLED.
Barbourville, Ky., July 6.—The boiler in the saw mill of Henry Fugate, located on Big Branch, exploded with terrible results last evening. It became dry and then was run full of cold water. Two men working at the mill were killed and many others injured.

FORCED TO RESIGN

Greenwood, Miss., July 6.—As the result of a court held here by prominent citizens, W. A. Carter, the negro recently named for clerkship in the post-office has been compelled to resign and leave the vicinity. Greenwood, which is a town of 6,000 people has a woman for postmistress and this is given as the principal cause for the enforced departure of the negro. It is said Carter has gone to Washington to lay his case before the postmaster general. Greenwood is the home of Governor Vardaman.

CHICAGO STILL GROWS.
Chicago, July 6.—According to the statisticians employed in the making of the new city directory for 1905, Chicago now has a population of 2,272,760, basing the computation on United States census of 1890. But using the census of 1900 the accuracy of which has been assailed, the estimate is reduced to 1,942,460.

ALL PASSENGERS ESCAPED.
Williston, N. D., July 6.—West bound train No. 3 of the Great Northern Railway, was wrecked late last night at Spring Brook. A car in the middle of the train jumped the track at a switch and a general smash resulted. The wreckage caught fire and five coaches were burned. Several passengers were hurt, but all escaped death.

MORE JIM CROW CARS.

Chattanooga, Tenn., July 6.—The Jim Crow street car law which provides for the separation of the races in street cars went into effect here yesterday. There was no trouble on any of the cars although a large number of negroes had previously made threats against the street car employees and claimed that they would not observe the law.

WORRY DRIVES LAD TO TERRIBLE DEATH

Columbus, O., July 6.—Harry Gibbons, while on a fishing party yesterday found a note on the bank of the Scioto river, signed by Thomas Shields, in which he stated that his body would be found in the river. With the note were found Shields' coat, hat and shoes. Police officers after dredging found the body near the dam. Shields' mother desired his father and nine children one year ago and it is thought that worry over it caused him to drown himself.

ENDEAVORERS MEET.

Denver, Colo., July 6.—The seventh international convention of the Epworth League opened today. It is estimated that the possible attendance of 25,000 is greatly exceeded. The reception of visitors was full of generous western hospitality.

ROOT MAY ACCEPT SMOOTH BROKER COVERS TRACKS

Post in Cabinet Made Vacant by Hay's Death

SAID TO BE WILLING

To Do So If He Can Adjust Private Affairs.

Has So Told the President—His Acceptance a Death Blow to the Presidential Aspiration of Secretary Taft—Mr. Root Is Himself a Candidate For President.

Washington, July 6.—It is reported here today that ex-Secretary of War Root has indicated to the President his willingness to accept the position of secretary of state.

It is believed by members of the cabinet that Root will accept the state portfolio. When they left the President's train at Philadelphia they were practically unanimous in saying, "Root will be Hay's successor."

The fact that Root has asked the President for a day in which to consider the matter would make it evident to those who know him that he has more than his own inclination to consult. Did he feel that he were a free agent he would undoubtedly have given the President his definite answer yesterday or at the latest this morning. But since he left the cabinet a few months ago Root has assumed a tremendous load of legal responsibility.

He has probably accepted retainers amounting to many thousands of dollars and the acceptance of the state portfolio would necessitate not only the return of this money, but the release from his pledges by the influential clients who have employed him. The necessity of securing his release from his clients is probably what is causing delay. The mere decision as to whether or not Root would return the retainers would not require much time. Root could settle that off-hand in two minutes.

But if the men who have employed him to handle their affairs should insist upon his fulfilling his contracts with them he will probably be obliged to decline the President's offer and refuse the honor that goes with the prime ministry of the republic.

One of the cabinet officials hinted this morning that if Root accepted the secretary of state portfolio it would mean his "boom for the presidency by the administration and the snuffing out of Secretary Taft's aspirations."

New York, July 6.—President Roosevelt arrived here at 9 o'clock this morning from Cleveland. The trip was without unusual incident. The President and party soon left for Oyster Bay. The announcement will be made tomorrow regarding the portfolio of state. Despite the stories that Elihu Root declined the place it can be positively stated this is not so. Mr. Root still has the offer under consideration and will give the President a definite answer tomorrow, following which an official announcement will be made. The belief among cabinet members is that Root's reply will be favorable.

AERONAUT FATALLY HURT.

Roseville, O., July 6.—Prof. Bartels, an aeronaut of Toledo, while making an ascension with his balloon from which he was to make a parachute leap at this place last evening, became entangled in the ropes which broke as the balloon was ascending, precipitating him to the earth, a distance of 60 feet, breaking his arm and inflicting internal injuries from which it is thought he will die.

BAD BANK FAILURE.

Hagerstown, Ind., July 6.—President Mason of the Commercial bank, has issued a statement that the bank will not again open for business. It is stated that there is but \$1900 in the safe and foreign exchanges show a very small balance. It is pronounced the worst bank failure in the history of the county and the depositors will realize but little. John Bowman, the cashier of the bank, committed suicide Monday by shooting, and the failure followed.

As the result of a streetcar wreck at East Liverpool, O., Charles Henderson, 35, and Harry Green will die. The car became unmanageable on a steep hill, jumped the track and dashed into the fence.

Thomas Gustin, 49, North Liberty, (O.) undertaker, was instantly killed at Hillsboro, O. The pole used in holding up a balloon during inflation fell and broke his neck.

SMOOTH BROKER COVERS TRACKS

HE STEALS PAGES FROM LEDGER ALONG WITH NUMEROUS CHECKBOOKS.

In Order to Elude Vigilance of Investigators—He Skips Out With His Wife.

Chicago, July 6.—Forced to a sudden accounting with the silent member of his firm, S. L. Frazer, a broker with offices in the railway exchange building left Chicago last Friday, presumably for Europe carrying with him the evidence of a supposed defalcation of \$100,000. Checkbooks, the firm cash books and the pages in the firm ledger containing his personal accounts were secured by Frazer while experts were waiting in the office to go over his accounts.

Frazer was one of the best known stock brokers in the city. About eight months ago he formed a partnership with Thomas Madill, western agent of the Sherwin-Williams company. Madill backed the concern for thousands. Frazer was accompanied in his flight by his wife, who, during the life of the firm, acted as stenographer in Frazer's office. Three months ago they were married.

Frazer is being sought on a warrant sworn out before Justice Wolf by Madill, with charges larceny as bailee to the amount of \$3,000 though other defalcations may be revealed later.

Mr. Madill said the firm would go on as before, only his name would occupy the place on the door.

HORRIBLE WAS THE TRAGEDY

ENACTED IN A MEXICAN BULL RING IN THE CITY OF DURANGO.

Spectator Who Caused Injury of Popular Matador Torn to Pieces by The Mob.

City of Mexico, July 6.—One of the most horrible tragedies ever enacted in a bull ring in Mexico is reported from the City of Durango. A drunken spectator, who was responsible for the last bull of an exhibition going Silveo Chicago, a famous matador, was literally torn to pieces by a mob. His head was hacked from his body, his heart taken out and stamped upon, his intestines were strewn over the ring, and the trunk and limbs cut and torn into small bits.

Five bulls had been killed by Chicago during the afternoon, and he had exhibited such skill that the thousands of spectators in the amphitheatre were wild with enthusiasm. The sixth and last bull of the exhibition proved to be particularly large and fierce, and the "cleverness of the matador in playing" the animal gained him fresh applause. At last he brought the bull into proper position and made ready to administer the death stroke.

Just as he lunged forward, his sword penetrating the heart of the animal, a drunken spectator rising from a seat on the sunny side of the ring, hurled a piece of iron pipe. The pipe struck the matador on the head, and he fell insensible in front of the bull. The enraged animal was upon him in an instant, and succeeded in goring him six times before he fell over dead. As soon as the people realized what had happened there was a rush for the drunken offender. He was thrown into the ring and there torn to pieces. Chicago is dangerous.

FRISKY PREACHERS ARE BARELY SAVED

Clarksville, Ind., July 6.—The Rev. H. H. Kuhn, pastor of the Christian church, the Rev. W. C. Warren, pastor of the Methodist church, Dr. Muzz and Jesse Kessler, for a swim in a pond 40 feet deep, Wednesday. Kessler could not swim, but the other two did. When the other two reached the pond the Rev. Mr. Kessler was in their hands, and they tried to save him.

No one of the three found a rock or other object in the water. The Rev. Mr. Kessler was completely exhausted. Dr. Muzz and the other two were able to get him to the bank.

FIVE MEN KILLED.

Uniontown, Pa., July 6.—Five men were killed and injured in an explosion of dynamite at the mine of the Taylor Coal and Coke company, near here, today. The victims were all foreigners.

YELLOW SPECTRE

Hovers Over Panama and Death Holds Sway

GRAVES IN JOB LOTS

Of Ten In Constant Readiness For Victims.

Government Withholds Pay of Clerks In Order to Prevent Exodus From the Isthmus—Dead Trains Run Hourly From Colon to the Monkey Hill Cemetery.

New York, July 6.—Three suspected cases of yellow fever from the Panama canal zone were taken from the steamer Advance when she arrived at Quarantine yesterday and thence they were removed to Hoffman Island for observation. The suspected cases were Gen. Bayler of Standard, N. J.; Edward P. Penick of New York City, and Frank Namact, from Texas.

From Colon the steamer brought the body of the late secretary to Governor Magoon, Samuel Y. Hirsch, who died of yellow fever at Panama.

George C. Marlock of Louisville, Ky., superintendent of a dock at Christobal, who was among the passengers of the Advance, said:

"Things are very bad at the isthmus. The diseases prevalent are measles, black measles, smallpox, yellow fever, chagras fever and malaria, and there was one case of bilious plague. The dead train runs from Colon to Monkey Hill cemetery, a mile and a half south of Colon, always once and sometimes as often as 14 times a day, and it sometimes has as many as four coffins aboard. In fact, there is so much yellow fever about that they keep 10 graves always ready for cases of emergency."

"The working clerical force in the isthmus is about 90 per cent short. One district superintendent I know has work for 17 clerks and has so far only seven. The government seems to be delaying the paying off of the men. Forty-one of my mates were waiting for their money in order to catch this steamer, but only six got it in time to sail."

Miss A. A. Robinson of New York, who had been a hospital nurse on the isthmus, also returned on the Advance. Miss Robinson said she had been about a year in the isthmus and was very glad to be back again.

"The supply of nurses," she said, "is beginning to fall off, and by fall the hospital at Panama will be very short-handed. None of those who are leav- ing now will return to Panama, and many others will leave as soon as possible. The pay, considering the conditions that prevail, is not sufficient. The sickness there is increasing and conditions are becoming worse."

WALLACE WAS RIGHT

Stony City, Ill., July 6.—"Wallace was right when he resigned as chief engineer of the Panama canal commission," said J. D. Voennans of this city, in an interview Wednesday.

Mr. Voennans resigned six months ago, after having served a decade on the interstate commerce commission. Continuing he said:

"Wallace made a fool of himself trying to tell why. All he should have said was, 'I have had enough of Panama, and I resign.' It is no place for any one to stay. Before I was moved off the interstate commerce commission I was intimating to me that I could be a valuable man in Panama. No Panama for me—not for a thousand dollars a minute. I did not come to this world to die. I came to live."

"The Panama canal is the biggest blunder of the age. I have no hesitations in saying that in my opinion there will never be a canal built there. No man or American engineer who was not paid for it or hazarded the opinion that the canal would be a canal there. The last month I spent of work done, I think it will take 119 years to finish it. The work grows in one end faster than they can dig the dirt out of the other."

No man or engineer found a rock or other object in the water. The Rev. Mr. Kessler was completely exhausted. Dr. Muzz and the other two were able to get him to the bank.

WROTE TO CORONER THEN SUICIDED

Indianapolis, Ind., July 6.—After writing Coroner Tutwiler explaining his motive for suicide, Chas. McGregor of Woodman avenue, waited in the presence of his wife and shot himself in the right temple. Death was almost instantaneous. McGregor had been brooding over domestic troubles. The coroner recently forbade him to visit his home and his wife had said for a while.

600 tons of merchandise annually. We were prepared to do the work in four years. This looked too much like a canal and the great influence behind the present trans-continental transportation business suddenly ceased opposing the canal project and pushed the clamor over to Panama.

"Every man selected so far to do the work has been picked from a trans-continental railroad. They may be all right but none of it had. I had a word to me."

PRETTY GIRL IS ROBBED OF APPAREL BY TWO RUFFIANS

Chattanooga, Tenn., July 6.—A pretty white girl, aged 16 years, was attacked by two men in the "Cave of the Wind," at Amusement Park here last night and every bit of clothing torn from her person. She ran wildly out of the place before a crowd of 2,000 people, screaming at the top of her voice, without a stitch of clothing on her body.

On investigation the two men who attacked her were found in the cave. In fear of the crowd they were taken out through a secret passage, and in an unguarded moment during the excitement escaped. The girl's clothing was found in the interior of the cave and she wrapped around her body to be able to pass through the crowd and enter a closed carriage.

On account of the prominence of the girl's family her name has been withheld from the public.

FAIR ONE ESCAPED

Memphis, Tenn., July 6.—High-heeled shoe did not retard the running powers of a beautiful girl, who easily outspurred W. S. Aycock, a local banker, after she passed an old Confederate \$10 note on him. The young woman entered Aycock's store, went straight for the proprietor and asked change for a bill. It was of the issue of the Confederacy. The proprietor was accommodating, but the young lady had hardly reached the front door when he noticed that the bill was worthless. The chase that followed led through several streets and amazed onlookers took part, but the girl disappeared and escaped by gathering up her skirts and hurdling a fence.

PACKERS GIVE BOND

Chicago, July 6.—Bonds have been furnished by three of the packing companies and 13 of the individual packers indicted by the federal grand jury last Friday. Four of the indicted packers are still absent from Chicago, but United States District Attorney Morrison announced that these absentees would be given ample time in which to sign bonds. Attorney Morrison declared that the packers, with such large holdings as they have in Chicago, would make no attempt to escape trial, and that the federal authorities were safe in allowing them considerable time. The bonds signed were for \$5,000 each, and were secured by surety companies. The corporations furnishing the bonds were Armour & Company, Swift & Company, and the Fairbank Canning company.

JOHNSON'S MOTHER DYING.

New York, July 6.—Mrs. Helen Johnson, mother of Mayor Tom L. Johnson, of Cleveland, is dying at her home in Bay Ridge. She was unconscious this morning and Johnson said he did not expect his mother to survive the day. Mrs. Johnson is 80 years old and has been in failing health for some time. The mayor was at the bedside of his mother all yesterday and last night.

FIRE IN NASHVILLE.

Nashville, Tenn., July 6.—At an early hour this morning Nashville was visited by another big fire, the wholesale district being the scene. Phillips, Webb & Co., wholesale grocers at 141 and 143 Market street, were the sufferers, the four-story brick building occupied by the firm being gutted. In addition the fire may be attended with loss of life. George Rogers, a substitute fireman, was probably fatally injured by falling through an elevator shaft. The damage will reach \$175,000.

WROTE TO CORONER THEN SUICIDED

Indianapolis, Ind., July 6.—After writing Coroner Tutwiler explaining his motive for suicide, Chas. McGregor of Woodman avenue, waited in the presence of his wife and shot himself in the right temple. Death was almost instantaneous. McGregor had been brooding over domestic troubles. The coroner recently forbade him to visit his home and his wife had said for a while.

At Athens, Ga., Mrs. Annie Pollard is dead from the effects of a blow on the face from a baseball.

Gustav Clossen, flagman, left a widow with six children, was arrested at Morrisville, Pa., having confessed to having poisoned with arsenic two half-witted sons, one of whom died.

RETURN OF WOOD

Indicates Grave Crisis in the Philippines

SEC'Y TAFT'S TRIP

Has Much To Do With the Situation.

Governor-General Wright and General Wood Said to Have Quarreled—The Latter Hurdles Home to Plead With President For Transfer to the United States.

New York, July 6.—A Washington dispatch says: The home-coming of General Leonard Wood and the going out to the Philippines of Secretary Taft is taken by general officers of the army to mean that a crisis in Philippine affairs cannot be averted much longer. Trouble has been brewing in the insular possessions for more than a year. Serious friction exists between Governor Wright and the military officers. General Wood has become so seriously involved that his need of surgical attendance is serving as an excellent excuse for his coming home.

Enemies of Wood believe he has come so near the line of break with his friend, the President, that the General believes his interests need his personal attention. His chief interest is to keep President Roosevelt in the notion of making him Lieutenant General and Chief of Staff in succession to General Corbin.

Some time ago it was admitted officially that it is the plan of the President to have General Wood succeed General Chaffee, and then when Bates retires before he is really compelled by law to do so, to have Corbin succeed to the vacancy.

At the time it was expected by Wood and his friends that official acknowledgment would be made that Wood had been selected to succeed Corbin. When there was no such acknowledgment distorted fears were communicated to Wood, and in a short time he obtained leave to visit the United States.

Information and belief at the War Department is that Wood will ask to be transferred to the United States, because he has seemed for more than two years in the archipelago. It is the understanding that he is going to put the question up to the President in such a way that the latter will have a fine opportunity of declaring himself on the subject whether or not Wood is still the man he has in mind as the successor of Corbin.

Just what the friction is about there is no clear understanding here. Secretary Taft has kept that affair under cover, and every detail of it is in his hands.

The mere fact that the Secretary continues his journey notwithstanding the fact that Secretary Hay is dead, and that the chances that he will be asked to go to the head of the State Department are largely in his favor, is regarded as sufficient indication of the gravity of the row.

Secretary Taft is represented as being dissatisfied with the course of Governor Wright in many matters. By personal conference it is hoped that a better understanding can be brought about.

SIEZED BY TURKS

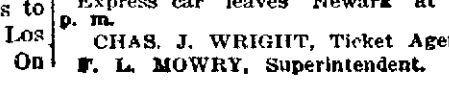

Berlin, July 6.—The correspondent of the Lokal Anseiger at Constantinople wires that the Turkish secret service agents seized the interpreter of the American embassy, a man named Garzinlo, and detained him several hours before his release could be secured. Fehim Pacha, the notorious chief of the secret service, is said to have investigated the outrage. The American ambassador has lodged a strong protest.

FAVORED BY TAFT.

San Francisco, July 6.—In the course of an interview at the Pacific Union club luncheon Secretary Taft declared strongly in favor of the construction of the Southern Pacific railway bridge across Carquinez straits at Port Costa. People and the press have bitterly opposed the plan of the railroad. Secretary Taft says the bridge is a necessity.

LEFT FOR THE EAS.

Cleveland, O., June 6.—Mrs. John Hay and son Clarence left late yesterday for the east and will go to the Hay summer home in New Hampshire. In the chamber of commerce yesterday, after the funeral services for the late secretary of state, a memorial service was held. Representatives of all classes attended.

INHABITANTS
WERE TERRIFIEDFEARED THE MUTINEERS WOULD
FIRE ON THE CITY OF
THEODOSIA.Vessel, However, Left Harbor Before
Their Fears Were Realized—Lat-
est from the East.

Theodosia, Crimea, July 6.—A majority of the inhabitants of this city have left and it is feared the mutineers on the Kiaz Potemkin will carry out their threat to fire on the town tonight. Only troops and police officials are remaining. The desertion of the town is in accordance with orders of the authorities, who at first agreed to the demands of the mutineers. Later orders were received from St. Petersburg to deny provisions and supplies to the Kiaz Potemkin and local officials were advised to urge the people to leave the city if necessary to prevent the loss of life in case of bombardment. The authorities complied with the orders from St. Petersburg. The time fixed by the mutineers within which supplies should be forthcoming expired at noon, but as yet no attempt has been made to fire on the town. Fears are expressed that the mutineers will fulfill their threats.

St. Petersburg, July 6.—A late message from Theodosia says the Kiaz Potemkin has left there.

The boys all report having had the time of their lives, which was made all the more enjoyable by the presence of their pastor, Mr. Boyce. The members of the club desire to return their thanks to the management of Buckeye Lake Park for the many courtesies shown them.

HANLY AGAINST PASSES.

Terre Haute, Ind., July 6.—"During the three and one-half years that remain of my administration I intend to make the acceptance of passes so distasteful that an honest man will not wish to accept one and a dishonest man will not dare," said Governor J. Frank Hanly in an address at the Chautauque here Wednesday.

MET TRAGIC DEATH.

Vicksburg, Miss., July 6.—D. P. Evans, who represented himself to be walking with his wheelbarrow and dog King Ned, 10,000 miles to win a bet, and who says he left Cleveland, O., last May a year ago, met a tragic death yesterday near this city. His pistol was accidentally discharged and he was shot in the stomach, dying from the wound an hour afterward at the infirmary here.

An important personage in Washington society nowadays is Miss Margaret Wade, who has been appointed social secretary to Mrs. Fairbanks, wife of the vice president. Mrs. Fairbanks will entertain a great deal during her husband's term of office and upon Miss Wade will devolve very important social duties. She must and does thoroughly understand all the intricate questions of procedure and precedent. She knows who should be invited to various functions, how guests should be seated at table and all the other niceties. This busy young woman is a native of Pennsylvania. She has also traveled extensively abroad and is well acquainted with social etiquette in foreign countries. It is understood that Miss Wade has literary aspirations and hopes in time to be able to devote herself to writing fiction.

The king of Belgium is developing a mania for building that recalls King Ludwig II of Bavaria. At present his palace is being rebuilt and the city of Brussels has sanctioned his plans for a "Mont des Arts," which will cost \$20,000,000. Near the Cinquantenaire park a triumphal arch is being built by royal command and the architects are busy for the king in Laeken, Ostende and Villefranche. The latest royal project is a hall of fame, to be built at the porte de Namur, after the model of King Ludwig's Walhalla.

It is stated that a Paris chemist has succeeded in producing a passable artificial imitation of a hen's egg. The shell is made with a blowpipe from a moist combination of lime and bismuth. The white of the egg is made of sulphur carbon and beef fat, and the yolk is composed of a mixture of beef blood and magnesia colored with chrome yellow.

McFarland Fined.
Wm. McFarland, one of the Carnival people, was arrested by Officers Ziegler and Swank on a charge of fighting. McFarland and a Bucyrus man, M. E. Mills, engaged in a fist fight on the Fourth of July. Mills was fined but McFarland escaped until his arrest yesterday. The man was inclined to doubt Ziegler's ability as an officer and became unruly. The officer chastised McFarland for his misconduct and he submitted meekly to his arrest.

Preparing for Outing.
Cedar Camp, 4725 Modern Woodmen of America, held its regular meeting last night. Owing to the extreme heat and the influence of many outside attractions, the attendance was not large. A number of candidates were duly obligated, however, and an interesting meeting was held. The committee on the Woodmen's annual outing and picnic reported progress through Chairman J. B. Lamb, and the indications are that the outing this year will be the best and best ever held.

Howard Thompson is here by notified to come home to his father before Saturday, July 8, or legal action will be taken.

RESCUED THIRTY
BOYS AND SIX MEN

New Orleans, La., July 6.—Martin Green, keeper of the light house off Beauvoir, Miss., in a tiny cat boat, rescued 30 boys and six men from the capsized schooner on which a party from the M. C. A. summer camp had embarked to attend the Biloxi regatta. The rescue took place in a squall that wrecked the schooner two miles off Beauvoir in sight of hundreds of summer excursionists on the beach. He will be recommended for the government life saving medal, for Carnegie medal, and will be given a public testimonial.

THE GRIM REAPER

WILLIAM F. BOUNDS.

Word has been received in the city of the death of William F. Bounds, a former Newark man who is the son of Isaac G. Bounds of Jackson, O. Mr. Bounds died Tuesday, July 4, in a hospital at Denver, Colo., from hemorrhage of the lungs, resulting from tuberculosis.

Mr. Bounds Jr. has been a resident of Colorado for more than three years. He was born in Newark 26 years ago and for many years he made his home here. He is survived by his father and mother, the latter living in Philadelphia. The young man's remains will be taken to Philadelphia, the remains probably arriving Saturday. The deceased had many friends in Newark who will be pained to learn of his death.

EVA MAY DARNES.

Mrs. Eva May Darnes, wife of Robert Darnes, of 63 West Railroad street, died Wednesday evening at 5:45 at the Newark Sanitarium from the effect of an operation. The deceased was born in Bellaire, O., and is 22 years of age. She leaves, besides her husband, one child, two years of age, and her mother, Mrs. Givens of South Fourth street, also a brother, Herbert Givens of this city.

The funeral will be held from the home of her mother, 93 South Fourth street, Friday at 2 p. m. Interment at Cedar Hill cemetery.

GOLDSBOROUGH FUNERAL.

Pittsburg, Pa., July 6.—Thomas Hayward Goldsborough was buried today at 3 p. m., from the family home, No. 5813 Wesley avenue. E. E. Pittsburg, Pa. Funeral services were conducted by the Rev. Mr. McClure of Oakmont, Pa. Episcopal church, who married a cousin of the family, assisted by the Rev. Mr. Patton of St. Stephens Episcopal church of Wilkesburg, Pa., and also the Rev. Mr. Neible of the Presbyterian church, who was a personal friend of the deceased. The pallbearers were his brothers, R. Martin, William West, Jas. R. Jr. and Stuart W., and his brother-in-law, Frank C. Bartholomew and Charles Lindsay and Clarence Heisey, the two young men who were bathing with the deceased when he lost his life. The floral display was exceedingly large and showed the kindly regard in which the young man and his family are held in Pittsburg. He was buried in that beautiful cemetery, Homewood.

MRS. JAMES QUICK.
Lock, O., July 6.—Mrs. James Quick, a widow, died at 4 o'clock Sunday afternoon at her home near this place, after a month's illness of paralysis. She was 85 years of age and was born and raised within a half mile of the place where she died. Three sons and two daughters survive. Funeral services were held at 11 o'clock Tuesday at Licking chapel.

RESOLUTIONS.
Whereas the swift flying arrow of death has removed from his home our beloved brother, G. Sael, and,
Whereas, we, as true Red Men, must reverently bow to the decrees of the Great Spirit, be it

Resolved, That the members of Minnewa Tribe, No. 52, I. O. R. M., do hereby extend to the family of our beloved brother, G. Sael, our sincere sympathy in this sad hour, and be it

Resolved, That a copy of these resolutions be sent to the family of our deceased brother and a copy be spread upon the minutes of Minnewa Tribe.

A United Democracy.

The Cleveland Plain Dealer voices the sentiments of all the people of Ohio when it says, editorially, that the Democratic State convention "was one in which the delegates were active participants instead of idle spectators. The Plain Dealer is gratified with the work of the convention throughout, as will be seen by the following splendid endorsement:

"The delegates selected the candidates themselves, and their representatives, including men of all shades of political opinion within the party, met in conference on the platform and adopted a declaration of principles for which all Democrats and independents and many Republicans will subscribe without reservation. There was no necessity of making the best of an awkward situation by accepting a candidate whose nomination would have been party stultification, and no perfunctory endorsement of a platform which was considered good enough for the party because it suited its author. The central fact was the absence of bossism and factionalism and the assertion of authority on the part of the delegates.

"With party prospects brighter than

for several years and with the assurance that a united and enthusiastic party would be behind the ticket, the field from which to choose a standard bearer was naturally large. No fault can be found with the nominee on either personal or political grounds. Mr. Patterson is a man of known high character and recognized capacity, having every qualification for the high office for which he has been nominated. He should make a strong and popular candidate and if elected, a clean and capable Governor."

Fourth of July Fatalities.

Two years ago the fatalities due to Fourth of July celebration numbered 400, while there were 4,000 persons injured. Last year there were 183 deaths and nearly 4,000 persons injured from the same cause. The returns for this year are not complete, but it is known they will show a considerable reduction on the figures of last year. Still they are much too high, owing to the fact that many communities have not yet taken proper precautions against the sale and use of fireworks. Wherever such precautions were taken there has been a marked reduction in the number of accidents from fireworks on the Fourth. It is hoped that a few years will witness the strict enforcement of proper laws on the subject of fireworks in all parts of the Nation, and that the appalling list of fatalities and injuries will be reduced to small proportions.

Russia's Humiliation.

(Pittsburg Dispatch.)
The report published in the Berlin Tageblatt that the Russian Government has requested the Powers having warships at or near Constantinople to send them to the Black Sea to suppress her naval mutinies will, if verified, mark an extreme of humiliation of which a short time ago no one could have dreamed. The report is far from verified. But the fact that such a statement could be made in a leading European journal is a startling measure of the depth to which that empire has fallen.

A year and a half ago the bulk of Russia overawed Europe. The Great Powers were agast at the temerity of little Japan in throwing down the gauntlet to her gigantic antagonist. Now the Colossus has come to so pitiable a pass of dissolution that the story is heard of her imploring the other Powers to rescue her from the forces created to overawe them. Not even Turkey or China has yet besought the Powers to rescue their Governments from their own armies or navies.

It may well be doubted if Russia has betaken herself to this last plea of impotence. She might well be deterred from it by the fact that it would amount to a confession that she can no longer stand alone. European Powers do not send their fleets to restore the army or navy of another Government to order without taking that Government under their tutelage. In this case they might wisely forbear from any interference at all. But if Russia is driven to the pass of making this request it will be a practical impairment of her independent sovereignty.

SOCIETY WOMAN A ROAD OVERSEER

Means to Have Her Section of Highway the Best in the Town of Kinderhook.

Chatham, N. Y., July 6.—When Highway Commissioner Philip S. Purcell, of the town of Kinderhook, made his appointments of overseers of the highway in the various districts of that town one of the appointees was Miss Bessie Bain, who lives midway between the villages of Valatie and Chatham.

Some of the men chosen declined the appointments and others were named in their stead, but Miss Bain accepted her warrant without hesitation and assured Mr. Purcell that she would see that the work was well done. She intends to have the best section of road in the township. She will superintend the work in person and put into effect some original ideas relative to road construction.

Miss Bain devotes much energy to the management of the farm on which she lives and does it because she finds the work congenial rather than because of necessity, as the family is well off. She is an expert with the reins and every morning drives a spirited team four miles to Chatham, when the milk from the farm is delivered at a station. She is equally at home at the piano or in the ballroom, and is a prominent member of Chatham and Kinderhook society.

PRICELESS POTS GO A-TRAVELLING

Mrs. Thomas' Collection of Four Thousand Tenderly Transported to Newport.

Newport, R. I., July 6.—There has been many a strange invasion of Newport, but none quite so novel as that which started yesterday from the residence of Mrs. Edward R. Thomas, No. 17 West Fifty-seventh street.

Four thousand pots! Teapots, coffee-pots, liquor pots. From China, Japan, Turkey, Greece, Italy, Morocco, the Holy Land and other corners of the world. Four thousand in all—count 'em. Big pots and little ones, thin, fat, round and square pots. Cobalt and Oolong pots. Blue and white and brown and pink; china, chintz, agate, metal, clay and glass pots. Some of them old of lineage and rare. Most honorable pots from China that are priceless and lowly pots from Japan that have been familiar only with the lips of coolies and slaves.

This strange family has been the property of Mr. E. R. Thomas, the millionaire automobile and horseman for many years. A friend, a traveler, collected them, and they presented them to Mrs. Samuel Thomas, Edward R. Thomas' mother.

Everywhere the Thomases stray the pots are sure to go.

In the Fifty-seventh street mansion certain of them hold the place of honor in almost every room. Special brushes are needed to dust them. Cabinets with pretty beds of satin and lace have been built to shelter the daintiest ones.

Mrs. Thomas goes to Newport this week and yesterday the pots started—not all, but almost the entire 4,000 will be on the way by today. Some of them, the more honorable of the pots from Japan were taken to the train in Mr. Thomas' 40 horse power motor car. The chauffeur held his job in his hands while he was transporting the precious little things.

Servants will be on hand to welcome the pots when the crockery special rolls into Newport.

A UNIQUE RECORD.

Not Another Like It in Our Broad Republic.

To give positive home testimony in every locality is of itself unanswerable proof of merit; but when we add to this the continued endorsement from people who testified years ago no evidence can be stronger. A Newark citizen gratefully acknowledges the good received from Dean's Kidney Pills, and when time has tested the cure we find the same hearty endorsement, with added enthusiasm and continued praise. Cases of this kind are plentiful in the work of Dean's Kidney Pills, and such a record is unique in the annals of medicine.

E. Frank Edwards, plasterer, of 157 1/2 St. Newark, O., says: "I had backache and had it bad. For several years I was suffering from sharp shooting pains in the region of the kidney, and a dull aching and weakness in the back which was becoming very serious. I tried remedy after remedy without finding relief and I nearly lost hope when I began using Dean's Kidney Pills, obtained at Clayton's drug store. It was a startling surprise to find after a few doses of this remedy the pain seemed somewhat abated and I continued the treatment for some little time, using several boxes. I was thoroughly cured. I gave a testimonial at that time recommending Dean's Kidney Pills to others. It is now eight years since I made that statement, and I am glad to be able to say that the cure was permanent."

For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, N. Y., sole agents for the United States.

JUDGE BUNN WINS

Tiffin, O., July 6.—The jury in the case of the contested will of the late Mrs. Reuben Hoyt returned a verdict late last night upholding the validity of the will as made by the deceased. Mrs. Hoyt gave property worth \$100,000 to Judge Bunn of this city. Two sisters of Mrs. Hoyt contested, claiming that Judge Bunn had used undue influence with Mrs. Hoyt.

Civil War Against Russia Has Been Declared—Mutineers Are Imprisoned and Shot.

Odessa, July 6.—Sixty-seven of the mutineers from the Georgi Pobiedonosetz, including the ringleaders, have been imprisoned. It is expected that all of them will be shot.

St. Petersburg, July 6.—The admiralty has received news that the Koliaz Potemkin, after securing coal, provisions and medicines at Theodosia, is again at large in the Black sea, and her destination is unknown.

Whether the report of the sailing of the battleship be true or not, the crew took a remarkable step when, with all the solemnity of a provisional government, it issued a manifesto addressed to the powers announcing that civil war had been begun against the existing regime in Russia and pledging the inviolability of foreign ships and foreign ports. This action doubtless was taken to quiet the apprehensions of foreign powers and so leave no excuse for the sending of warships through the Dardanelles to effect the capture of the battleship, which until now Russia's Black sea fleet has not dared to attempt.

All idea of trying to sink the Koliaz Potemkin has now been abandoned by the admiralty, as a report from the authorities of Theodosia shows there are discussions among the mutineers, a portion of the crew favoring surrendering. Fighting is believed to have occurred on board the battleship during the voyage. This is supported by the demand for a doctor. The ship is short of provisions and coal and the admiralty believes her career will soon be ended. The ringleaders of the mutiny, however, realizing that they have put their heads in the noose and that they have nothing to lose, have demanded coal and provisions at Theodosia under the penalty of bombarding the town. They are trying to make for Pola, Transcaucasia, where they may get the support of the revolutionists. Batoum, which is fortified, being too dangerous a haven.

In diplomatic circles the most earnest hope is expressed that Japan will consent to an armistice, both for the sake of avoiding further bloodshed in Manchuria and perhaps in order to prevent a catastrophe in Russia which may shake the Romanoff's throne and appeal to the world by its horrors.

An eminent ambassador of a great European power said: "If Japan declines it may prove to be a misfortune for the whole world. The position of Russia is critical. The emperor, crushed by the defeats in the far east and with almost civil war at home, has bowed his head to the inevitable. He wants peace, and Japan has the power in her possession. Japan has vindicated her power before the world and has won the admiration of the world. Nothing becomes a victor so much as a broad spirit of magnanimity. If Japan still insists in humbling the emperor's head into the dust, and forcing a useless battle which will result in the loss of tens of thousands of lives, she may produce a cataclysm of anarchy greater than that of the French revolution, which will leave her no government to negotiate with, besides threatening the peace of Europe."

The House Gazette considers the Russo-Japanese war is over and that a battle after what has been accomplished by President Roosevelt would be an anomaly.

Ended Family Troubles.

Indianapolis, Ind., July 6.—After writing Coroner Tutwiler explaining his motive for suicide, Charles McGreggor walked into the presence of his wife and shot himself in the right temple. Death was almost instantaneous. McGreggor brooded over domestic troubles. The court recently forbade him to visit his home, his wife having sued for divorce.

Gold Under Nevada's Capitol.

Carson, Nev., July 6.—The state of Nevada commenced boring an artesian well in the Capitol square and gold was found at a depth of 200 feet in the sands raised with machinery. A Cuban, a merchant of this city, filed a mining location notice on the grounds, claiming all the land occupied by Nevada's executive building.

Since 1892 no newspapers have been printed on Sunday in Norway, and since 1895 no bread has been baked on that day.

BUTCHERY IN ODESSA INSPIRED BY RULERS

Arrival of Mutinous Ship Only Pretext For Crimes Planned to Crush Insurrection.

London, July 6.—The Odessa correspondent of the Standard says: "Hitherto it has been a very partially penetrable veil which has hidden the ghastly tragedy of the nights of June 27 and 28. At last it has been lifted and the mind recoils from the truth. My authorities are unimpeachable."

"For many months past about 150 specially chosen agents have appeared from the third section of police under a variety of disguises, chiefly of artisans. They lived and labored in intimate association with the work people in the industrial suburbs of Peressyp and Molavanka, and frequented all the secret haunts of the social democratic revolutionists."

"These agents provocateur knew every secret and every movement of the revolutionary propaganda. Their infamous role was played with consummate horrifying success. The arrival of the mutinous battleship Koliaz Potemkin was expected and gave these emissaries plausible ground for the statement that the whole fleet had mutinied and would join the naval rebels and protect the revolutionists ashore."

"It should be noted that none of the local police, but third section secret agents were the organizers and engineers of the whole fiendish plot. As already stated the pillage, wreckage and arson commenced early in the evening, but there was absolutely no attempt to arrest the devastation until long after sundown. During the interval every possible avenue of escape was closed by the military machine, and guns were placed at every point of vantage."

"I have the authority of numerous eyewitnesses for stating that no fewer than 7,000 people were done to death during the awful 10 hours of that night of massacre. The killed outnumbered the wounded three-fold. This is not surprising, the field of slaughter having been restricted."

"Two hundred persons threw themselves into the harbor, from which their bodies were recovered by boats and hooks. A thousand corpses were cast into the glowing heaps of ruins at dawn, when the fire had been only partially extinguished."

"The huge conflagration was made to serve as a monster crematory. Four-fifths of the dead were thus got rid of. Their ashes mingle with the ruins. Their bones were hurriedly packed into several hundred coffins and carried to the common graveyard, but only the military and police witnessed the rough interment and the grim unloading of the covered carts, the nature of whose burdens was not suspected by the people."

"This secret butchery engineered by the police was designed in St. Petersburg as a frightfully effective method of crushing the insurrection in South Russia."

HE THREW GREASE IN WIFE'S EYES

Coshocton, July 6.—Monday evening a man named Fouts and his wife, living in the Swan Island vicinity, had troubles of their own, and in a fit of temper he is said to have thrown a pan of hot grease in the woman's face, scaring the flesh terribly and perhaps injuring her eyesight. Dr. McClain dressed the injury, but the woman's sight is still in a hazard. Fouts works on the Pan Handle section. There have been no arrests.

Carbondale's Fire.

Carbondale, Ill., July 6.—The report that this town was destroyed by a fire was erroneous. The conclusion arrived at probably was due to the fact that telephone communication was interrupted by the burning of several poles. One brick and several frame buildings were destroyed, the loss being about \$5,000.

Farmer Dropped Dead.

Findlay, O., July 6.—Harmon Ewing, 69, dropped dead in his cornfield while plowing corn. He leaves a widow and two children. A peculiar coincidence is the fact that his uncle, William Ewing, dropped dead July 4, eight years ago.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is completely destroyed by the fact that a rabbit inoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Little Journeys

At Little Cost

To the scenic land—short trips from Denver and Colorado Springs into the mountains—made in a day and at slight expense—that is one of the enjoyable pastimes of Colorado.

Denver has at least a dozen such trips that are worth while; for instance: Around the Georgetown Loop, to Platte Canon, to Greeley, to Boulder and to Ward "up the Switzerland Trail."

Colorado Springs will keep you occupied for as long a time as you can stay. You should go up Pike's Peak, over to Cripple Creek, to Manitou, through the Garden of the Gods and to North and South Cheyenne Canons.

You may also go beyond the state to Salt Lake City and Ogden. Special reduction for all these trips to summer visitors.

The trip to Colorado is also a pleasure. Quick, convenient service via Rock Island System. Two one-night trains daily from Chicago—one two-nights train. Through daily trains from St. Louis and Kansas City and through daily sleeping car service from Memphis.

Use this coupon if you want a good vacation help.

CLUB LUNCH HAS BEEN ESTABLISHED FOR NEWARK ELKS

Members of Newark Lodge of Elks, No. 291, are greatly pleased over the recent act of the Board of Governors of the club in establishing a "club" lunch for the benefit of the members. The menu, which is as follows, will be added to from time to time as the demand warrants:

SOUPS—EACH 10 CENTS.
Tomato, vegetable, consommé, pea Julienne, vigorol, tomato beef, chicken broth.

SANDWICHES.
Luncheon sausage 5c, ham 5c, Swiss cheese 5c, potted ham or beef 5c, caviar 15c, sardines (whole box, 25c), Frankfurters, imported 10c; frankfurters, domestic 5c; beans with tomato sauce, 10c; coffee 5c; milk 5c; butter-milk 5c.

In addition to the items above mentioned, should one or a party of members desire a steak, he or they can furnish the same, and it will be prepared in short order, with bread, butter and condiments, at the nominal sum of ten cents per person served. The club room will be open for service from 12 o'clock noon, until 12 o'clock midnight.

TRAFFIC WAS HEAVY

Traffic on the interurban line between Newark and Zanesville, and Newark and Columbus and Buckeye Lake, on the Fourth, was unusually heavy. Large numbers of Zanesville people came to Newark, while hundreds of Newark and Columbus people visited Buckeye Lake.

The traffic was so heavy that extra cars were pressed into service and all were crowded. Many picnic parties were formed by persons who spent the day at some one of the picturesque resorts along the interurban lines.

Steam roads also had their share of business. There seemed to be a general desire on the part of the public to go and come while the cheap rate was on. The city residents went to visit their friends and relatives in the smaller places and in the country districts, and spent a quiet Fourth party taking of the best country cooking. On the other hand, those who have sojourner for months in the peace and quietude of the smaller cities and on the farm, went to the cities to get a taste of excitement. It was a change that everyone seemed to want.

COLLARED

Her Husband in a Saloon—Humiliated.
He Kills Himself By Taking Chloral.

Mr. Vernon O. July 6.—Because his wife led him out of a saloon Clarence Foss, aged 38, and a prominent citizen of this place, committed suicide by taking a large dose of chloral hydrate. He lived but 20 minutes after taking the poison. Foss walked into a saloon and took a glass of beer, but his wife followed him and took him out before a large crowd. Foss felt his humiliation so keenly that he declared to his wife at the time that he would surely take his own life. True to his word he carried out his threat and died in great agony. He was a Mason and also a member of the Knights Templar.

Freight Trains Meet.

Fitchburg, Mass., July 6.—Three railroad employees were killed and two injured and thousands of dollars' worth of property destroyed by a head-on collision between an east-bound freight train and a west-bound coal train near Wadsworth station, on the Fitchburg division of the Boston and Maine railroad. All traffic on the main line was blocked. The accident was due to some misunderstanding regarding signals. Both locomotives were destroyed.

PIONEERS MEET IN GRANVILLE

SEVERAL NEW MEMBERS ARE ADDED TO THE COUNTY ASSOCIATION.

Preparations Are Being Made for a Grand Reunion to be Held Sometime in September.

The Licking County Pioneer Association held a called meeting on Wednesday afternoon in the convention room of the Tow Hall in Granville. Although the meeting was not very largely attended yet there was a fair attendance of the officers and the members, and a great deal of interest and enthusiasm was manifested. It was quite evident that the old Licking County Pioneer Association has been revived, and has come back to stay.

A number of persons were taken into membership at the meeting on Wednesday, and there are more to follow. Any reputable citizen of Licking county, who is interested in the objects of the association, is eligible to membership. There is no initiation fee nor are there any annual dues. The hat is occasionally passed to defray any small current expenses.

On motion, the president and secretary of the association, Captain James A. Smith and Captain Scott, were requested to insert notices in the county papers asking that the names of all old residents in each township, with their age and postoffice address, be sent to the secretary at once, so that a full list may be prepared.

On motion of Judge E. M. P. Brister it was ordered that a committee be appointed to make preparations for a grand county pioneer reunion to be held at the Old Fort sometime between the 10th and the last of September. This will be a basket picnic affair, and an interesting program of speakers, music, etc., will be prepared for the occasion. Captain Scott, Captain Smith, Judge E. M. P. Brister, W. C. Christian, M. L. Wilson, Griff Rosebrough and John Larimore were appointed as a general committee of arrangements for the reunion and picnic. The committee will meet Monday afternoon at 1 o'clock at the office of Captain Smith, to make further arrangements.

On motion, it was further ordered that one auxiliary committee from each township be added to the above committee of general arrangements. Upon request of the association Judge E. M. P. Brister gave a brief and timely talk on the purposes and objects of such an association, emphasizing their importance along the line of historical and archaeological work, and also as promoters of patriotism among the people.

The meeting then adjourned subject to the call of the president.

End of Sensational Man-Hunt.

Antigo, Wis., July 6.—After one of the most sensational man-hunts in the history of Wisconsin, lasting for 10 days, through the depths of the forest to the west of Antigo, James Weyender, the escaped inmate of the Oshkosh insane asylum, who shot and instantly killed Chief of Police McArthur of this city, was captured single-handed by Sheriff Griggs after a desperate hand-to-hand contest, the sheriff unarmed, the maniac with a loaded gun. The maniac after his capture declared that during the 10 days' hunt he was twice on the point of shooting Sheriff Griggs from a distance of only a few feet.

Receiver For Hotel.

Indianapolis, Ind., July 6.—Upon the petition of Ernest H. Tripp, its president and largest stockholder, the English Hotel company passed into the hands of Wilbur N. Gannon as receiver, with instructions from Judge Leathers of the superior court to sell the furnishings at private sale within 15 days. It is claimed by stockholders that the company is entirely solvent and that the action for a receiver was taken as the only means of honorably closing a business which, it is said, was operating at a loss through their inability to meet certain high and fixed expenses.

MARPLE FAMILY

In Reunion at the Home of Mrs. M. O'Connor at Homer.

A very pleasant reunion of the Marple family was held at the home of Mrs. M. O'Connor and son of Homer, on Saturday, June 21, her birthday being the 25th. By 10 o'clock in the morning nieces and nephews with their families and some of the neighbors and friends of the family began to arrive, until 82 people with well filled baskets had gathered together, and at 1 p. m. a sumptuous dinner was served which was enjoyed by all present.

Some of the immediate family planned a surprise on Mrs. Eliza Hanger of Chicago, Ill., who has been here visiting and taking a much needed rest the past four months. Mrs. Hanger's birthday anniversary occurred on the 30th of June. The sisters and brothers with nearly all the immediate relatives and with the two aunts, Mrs. O'Connor and Mrs. Martha Wilson, were present. It was a complete surprise. They also reminded her that when she goes to her Deaconess work in Minneapolis, Minn., in about three weeks, she will be well equipped for writing to her friends, as she was presented with a lovely fountain pen, with other useful articles which will be a reminder of the pleasant event held at the home of a sister, Mrs. Silas Anderson, at Chatham, O.

TOOTHBRUSH AND BATHTUB OF VICTIM USED BY BURGLAR.

Elkhart, Ind., July 6.—A burglar entered the home of Mrs. Caroline Thomas last night while the family slept, and went deliberately through her brother's wardrobe, selecting his best underwear, shirt, collar and hosiery, and going to the bathroom took a hot bath. He took down Mrs. Thomas' toothbrush and used it, neglecting to replace it. The burglar went to the refrigerator, selected a cold leg of lamb and jar of cream, ate them at the dining table, folded the napkins carefully. Not a piece of jewelry was taken.

A tramp was seen in the vicinity and neighbors saw a man of the same size emerge from the Thomas residence by the front way, and presumed it was Mrs. Thomas' brother, because of his dress and his well known walking stick. The thief cleaned the bathtub nicely after using it.

Mrs. Thomas' watch which lay upon the dresser in full view, was untouched.

Our store will be closed Friday afternoon during the summer.

AMUSEMENTS

The presentation of "David Harum" which is underlined to be made here shortly, and which is being awaited with considerable interest, will be notable for several reasons. In the first place, the presentation will make known what is absolutely the most successful dramatization of a popular book that the stage has known in many years. Proof of this is furnished in part by the fact that the play is now in its third year having outlived many works which were given to the public at the time it was staged, and by the further fact that its popularity seems to increase rather than diminish with time. A particularly strong and well balanced company will be seen in the play, which contains all of the things which made "David Harum" as a novel so entertaining.

A good sized audience witnessed the closing performance of Said Pasha at the Idlewild theatre last night by the Robinson Opera company, and every member of the company seemed to make an extra effort to make the closing performance of this opera the best one.

Mr. R. L. Koch as the Mexican nobleman, has sung the role excellently from the very opening performance here, while the ability of Miss Minnie Emmett, as Serena, the charming daughter of Said Pasha, is unquestioned.

One of the best voices in the entire company is that possessed by Ruth Latimore, who sang the part of Alri, Queen of Altarah, and, although in all cases Newark theatre goers are too modest to applaud a good act, her singing was appreciated fully.

The lead comedians, McGraw and Walker, kept a constant uproar of laughter.

The whistling specialty, as introduced by Miss Florence Lester is attracting much attention and when it is considered that the whistling is done by the use of her fingers, it is indeed interesting.

Commencing with Thursday night, the bill will be changed to the brilliant three act comic opera, Fra Diavolo, by the celebrated French composer of the Eighteenth century, Daniel Auber.

The leading roles will be taken as follows:

Fra Diavolo, a bandit, Frank V. French.
Lorenzo, an officer, R. L. Koch.
Zerlina, daughter of Matteo, an inn keeper, Minnie Emmett.
Lady Alceas, a coquette, Ruth Latimore.
Beppa and Giacomo, followers of Diavolo, Montejoy Walker and W. J. McGraw.

HAPPENINGS OF THE COUNTY

TOBOSO.

Children's services were largely attended Sunday night. The children certainly deserve praise for their splendid exercises. "Loyal and true," a beautiful drill and song was carried off by fourteen boys from Miss Mary Cheek's class, twelve carrying American flags and the captain, Harry Johnson, and Lawrence Offenberger each carried Christian conquest flags. The boys did their part well. Miss Ethel Brill's class of thirteen people did their part nicely in an exercise, "Happy June Time." A fine song and march was also rendered by the young ladies in Mrs. Millikan's class. The teachers have every reason to be proud of their scholars. Several fine recitations were delivered by different ones. The choir rendered good music, with Miss Bessie Norman as organist.

Mrs. James Singer visited her daughter, Mrs. Ora Frizzell, Sunday.

Mr. Frank Varner of Newark is the guest of his uncle, Will Varner.

Daniel Lehman had the misfortune to have three horses killed by lightning Saturday. A five-week-old colt was with them, escaped uninjured. This is a heavy loss as it was all the horses Mr. Lehman had with the exception of the colt.

The Sunday school at this place will give an ice cream social Saturday night for the benefit of the church. Everybody invited.

Dr. Maurice Covert spent a few days last week in Newark, the guest of friends.

Mr. and Mrs. D. T. Walrath of Hanover visited the latter's parents, Mr. and Mrs. P. M. Brill, Sunday.

Mrs. Dorcas Varner spent Sunday and Monday in Newark, the guest of her son Layfayette Varner and family.

Camp meeting will be held in Smith's grove one and one half miles north of Gratiot from July 28 to August 6th.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Munley, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose believes. Guaranteed at 50c. and \$1.00 at Hall's Drug Store. Trial bottle free.

THREW MONEY TO THE BIRDS

ONE TIME MILLIONAIRE GOES BROKE AND COMMITS SUICIDE IN HOTEL.

Made Fad of Charity and When He Had Lost All, His Friends Deserted Him.

Pittsburg, July 6.—Robert D. McGonigle, one of the best known of Pittsburg business men, was found dead in the Hotel Lincoln. A half empty bottle of chloral was found by the side of the man, who was known to have lost about \$300,000. He had been dead some time when found.

McGonigle was known from Maine to California as an author, philanthropist, clubman, lecturer and a promoter of gentlemen's sports. He lived at the Lincoln and retired to his room early last evening in the best of health and spirits. This morning the door was finally battered down and he was found lying on the bed dead. At the side of the bed was an empty vial.

Millionaire friends of McGonigle are striving to have the matter hushed for all time.

A few years ago McGonigle was one of the wealthiest men in Pittsburg, his fortune being estimated at several million dollars. His fad was charity.

Some years ago Mr. McGonigle founded the Allegheny Light company, which for years furnished the artificial gas to Pittsburg and Allegheny. He was president of the company until it was absorbed by the Philadelphia company. His great fortune has rapidly been diminishing during the past few years, and recently he is said to have lost \$300,000 by an unwise speculation. The worst blow of all, however, came when his friends went with the disappearance of his fortune.

Mr. McGonigle was the founder of the Kingsley House, the Pittsburg Country club, the Pittsburg Golf and the Duquesne Riding club.

Mr. McGonigle's wife died about three years ago and he brooded over her death constantly since that time.

Spoiled Her Beauty.
Harriet Howard, of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at Hall's drug store.

STATE NEWS

Sensational Case.

Youngstown, O., July 6.—The killing of Louis Bergman, Jr., by James I. Harbison, is one of the most sensational cases that the county has ever known. After the shooting Harbison made no effort to escape, but calmly awaited the arrival of the officers. He told two of his neighbors to call the police as he had killed a man. At the police station he admitted killing Bergman, but expressed regret that it was not another man whom he named as co-respondent in his divorce suit. Harbison's attorneys will allege insanity.

Smallpox in Ohio.

Columbus, O., July 6.—"Smallpox exists only in a few isolated places in the state now," said Dr. C. O. Probst, secretary of the state board of health, "and I believe that the disease is as nearly wiped out, so far as Ohio is concerned, as it has been at any time since the outbreak in 1898." Dr. Probst, however, believes that smoldering centers of infection will continue for some time. The principal places of smallpox infection now are Stoutsville, Pickaway county, Hardin county and Hamilton county.

Secretary Hay's Grave.

Cleveland, O., July 6.—The body of John Hay rests in his family burying ground in a corner of Lake View cemetery. Around his grave are the granite monuments of men who have done strong things for Cleveland, for Ohio, and some of them for the nation. Five hundred feet to the west of where the secretary lies is the great memorial of James A. Garfield; 200 feet to the north rises the monolith of the Rockefeller family; closer still are the graves of the Otises and the Rusts.

Casualties at Cleveland.

Cleveland, July 6.—Fred Evans, 14, son of John Evans, was fatally wounded on a coal car on which he was riding with his brother and Robert Mullen, 17. It was Mullen who did the shooting, and he fled, but was arrested on the charge of murder, his victim having died. Whether the deed was accidental or not the police do not know. There were several other casualties, none serious.

Bitten by a Rattlesnake.

Marysville, O., July 6.—Miss Ala May of Leesburg township, while picking raspberries in the woods, was bitten on the leg by a rattlesnake, and the limb in a short time was swollen to almost twice its normal size. A physician was hastily summoned, and it is thought her life can be saved. The snake is still at large.

Police Clerk's Confession.

Toledo, O., July 6.—Charles Dorian, for 13 years clerk of the police board and formerly city clerk, resigned and at the same time confessed he had embezzled the funds of the city. An investigation shows that he is at least \$1,000 short. He will be prosecuted.

Sought Relief In Death.

Columbus, O., July 6.—After having carefully planned self-destruction, Thomas Shields, 24, and unmarried, a painter, plunged into the Scioto river near the state dam and was drowned. Despondency led him to take his life.

Kettle of Molten Iron.

Uhrichsville, O., July 6.—By the overturning of a kettle of hot iron in the Clow pipe works at Newcomers-town William Ross and Charles Smith, employees, were fatally burned. Each leaves a large family.

Brace of Fatalities.

Ashtabula, O., July 6.—Bernice Logan, 2, was decapitated by a streetcar here. Flora Welton, 16, fell from a roller coaster at a summer park and sustained injuries which will probably be fatal.

Babe Falls From Window.

Portsmouth, O., July 6.—The little son of Mr. and Mrs. Ernest Cook fell from a second-story window and broke its neck, its death being instantaneous.

EAST NEWARK

Mrs. Charles Thompson and son Kenneth and daughter Mary have gone to Rocky Fork for a visit.

Miss Woods and Mr. Yowey of Mansfield, Mr. and Mrs. Edward Neighbor and children of Louisville, were guests of Mr. and Mrs. W. C. Neighbarger, on the Fourth.

Mr. William Foster of Houston, Texas, is visiting Mr. Edwin Wood and family.

Mrs. Jennette Armstrong and daughter Hazel and son Joe are visiting the former's daughter Mrs. A. Weber in Belleville, New Jersey.

Mrs. Gensinger and son and daughter of Wooster, O., are the guests of Mr. and Mrs. William Jones and family.

Bishop Hartley of Columbus is the guest of Rev. F. Watterson.

ANOTHER MINE HORROR.

Uniontown, Pa., July 6.—Five men were killed and one injured in an explosion of dynamite in the mine of the Taylor Coal and Coke company, near here today. The victims of the accident are all foreigners. The injured man has been removed to the hospital.

In Spain street performers on the guitar are licensed while organ-grinders are rigorously suppressed.

NEWARK'S NEW WATER PLANT

WILL BE ONE OF THE MOST IMPORTANT ADJUNCTS OF SYSTEM TO BE INSTALLED.

Filtration Reservoir One of the important Adjuncts of System to be Installed.

When Newark's new water plant is completed, there will but few in the country equal to it. The plans for the new works are to be seen at the office of the public service board in the city building.

The plans for the plant proper provide for a filtration reservoir, the storage reservoir or "clear well," as it is called, and the pumping station. The filtration plant will be one of the best in the country. It is called the slow sand system of filtering water. It consists of a big concrete reservoir covering more than one and a half acres. This is built below the level of the river from whence the water supply is derived. The water therefore flows naturally into the filtration reservoir. This filter is scientifically constructed of tile covered with gravel and sand. The water settles into the perforated tile through this natural filter and is then conducted into the "clear well" from whence it is pumped into the water mains.

This clear well or reservoir proper is to be covered and the contents will be kept well protected to prevent the water from becoming contaminated after being filtered. The pumping station, which will force the city's water supply through the immense system of water mains, will consist of two large pumps. Either of these will be of sufficient power to meet the demand of the city for water, but the two will be placed in position in order to be prepared for any emergency. Should one engine become disabled from any cause, the second engine can be put into service upon a moment's notice.

The system of water mains as provided for in the engineer's plans is fully illustrated in an immense map which is now on exhibition at the City Drug Store. The system will require 8,000 tons of iron pipe. It is practically the same as described in the Advocate several weeks ago.

NO MORE RACING IN HOOSIER STATE

Indianapolis, July 6.—Racing in Indiana is at an end, at least for some time. It is announced that the governor has stopped the races. This means that the August trotting meets here will be declared off and also that the gas belt harness races announced for Logansport, Kokomo, Marion and other similar county seats, will not be given. The sentiment expressed here is that no more races in Indiana will be had during Governor Hanly's term of office.

MARRIED HIS NIECE

Ft. Wayne, Ind., July 6.—The officers are searching for Frank X. Bowers, 29 years of age, who married his niece, Nora Parker, aged 21, yesterday. They are alleged to have obtained a license by false affidavits. Harmon Bowers, a cousin, was the witness.

The bride is the daughter of the groom's oldest sister. She lived in Michigan and Bowers brought her here to take care of his mother and her grandmother. The couple have disappeared. Rev. Otto Hoover innocently married them.

Our store will be closed Friday afternoon during the summer.

THE H. H. GRIGGS CO.

STRIKE STILL ON

The strike situation at the Wehrle stove works is unchanged. A report on the streets early Thursday morning had it that the strike had been settled, but this is not the case. Secretary Bishop, of the State Board of Arbitration, has been in consultation with a committee from the shops, and is in hopes that the difficulty may soon be amicably adjusted.

GLASS FACTORY

May Be Established in the West End.

\$10,000 Bonus Asked.

The parties from Indiana who are interested in the proposed establishment of the two large window glass factories in the West End, are expected to arrive here the first of next week to conclude the arrangements for locating here. The parties have already been here and looked over the ground, and are much pleased with the city and the outlook. Should they decide on locating here it will mean the employment of 130 skilled mechanics, with a large pay roll. They ask a bonus of \$10,000, free grounds and a free railroad switch. The promoters of the enterprise are doing everything in their power to secure the industries.

Mrs. Lucia B. Tyng one of the best known temperance workers in the United States, died at Peoria, Ill.
